

Community Information Directory for Little Chalfont Residents

Last updated: July 2020

This Directory is provided by the Little Chalfont Community Association and was initially compiled by students at Dr Challoner's High School, with the aim of providing local residents with information on businesses and other services.

It is split into two parts:

- Information on what is available in Little Chalfont
- Information on what is available outside Little Chalfont

The information in this Directory is subject to ongoing revision and expansion. The Community should treat this Directory as a work in progress and is encouraged to provide updated information and new entries by emailing directory@littlechalfont.org.uk

Please note this Directory is for information only and does not represent a recommendation of the individuals, organisations, businesses, firms or services listed.

Contents
